EXPERIENCE

Web Development Immersive Fellowship
General Assembly | Boston, MA | May 2018 - Aug 2018

Completed General Assembly's 12 week, 500+ hour Web Development Immersive program. Built multiple single page applications (SPA) within 5 days each:

- **INTO** examines user data from popular services like Spotify and Netflix, and generates a 3x3 jpeg of album covers and tv posters based on the users top picks.
- **Jot** allows users to quickly jot down their houghts and organize hem later by simply dragging and dropping - perfect for arranging lyrics or to-do lists.
- **Sserpdrow** is a barebones recreation of Wordpress. Created as a group project, Sserpdrow allows users to write and publish blogposts or webpages.

Associate Software Developer
Gartner, Inc | Stamford, CT | Jan 2016 - Mar 2017

Responsibilities: Front-end Web Development, Email Blasts, and UI Design. Average Scrum velocity: 50 points per sprint, often ahead of schedule. Projects included:

- **Gartner for Marketing Leaders** - client facing website, a key component for lead generation. Successfully redesigned, redeveloped, and redeployed site in Hippo CMS.
- **Digital Marketing Transit Map** - maintain and update this XML-based SPA with over 2.5 million unique clients. Exposed functionality issues and corrected them.

Graphic Design Internship
Images Unlimited Communications | Boston, MA | Aug 2015 - Nov 2015

Rapidly produced logos and graphic deliverables for dozens of local restaurants to use on their websites, Facebook pages, Twitter pages, menus, advertisements, and more.

Snowboard Instructor
Mount Washington Ski Resort | Bethlehem, NH | Nov 2007 - Jan 2016

Organized 200+ students into classes, taught classes up to 12 students (ages 4 to 12), often managed and mentored other instructors, and assisted all guests with courteous behavior. Formerly known as Bretton Woods.

EDUCATION

B.A. Graphic Design; Minors in Web Development & Music
Roger Williams University | Bristol, RI | Aug 2011 - May 2015

- **Study Abroad** - Attended University of Wollongong, NSW, Australia. Studied Web Design, App Design, and Aboriginal Culture studies.
- **WQRI 88.3 FM System Administrator** - Responsible for entire radio stations hardware and software functionality; Negotiated with NPR on a joint broadcasting rights Assisted with web presence, concert organization, and internal organization.
- **Orientation Advisor** - Lead orientation groups of incoming freshmen; ran parent sessions; created designs for community outreach events.
